

486P

Electric Cutter

| 486P Electric Cutter |

- Accommodates 19.1" cutting width
- Color touch screen display for quick and easy operation
- Full light beam curtain and dual palm cut buttons for operator safety
- LED cutline
- 99 programs with 9 steps each
- Standard side tables
- UL and CE approved

The 486P Electric Cutter offers high performance and precision cutting of document stacks printed on a wide array of paper stocks and weights. To pinpoint accuracy and avoid expensive reprints, the 486P beams a cutting line where the cut will be executed. The electronic, variable speed hand wheel for the back gauge gives full control over the accuracy of the cut. The automatic clamp and programmable back gauge provide quick and simple operation. A new color touchscreen display offers easy programming in either inches or millimeters. Up to 99 programs can be stored with 9 steps each.

Operator safety is always a priority so the 486P comes equipped with light sensors that disable the cutting knife when an object comes too close. Ideal for precision cutting, the 486P Electric Cutter offers an efficient solution for any on demand environment.

SPECIFICATIONS

Maximum Cut Width	19.1"
Maximum Cut Height	3.14"
Cutting Accuracy	+/- 0.3 mm
Narrow Cut	1.38"
Cutting Length	17.72"
Power Requirements	220VAC, 60Hz, 25A Plug rating is 250V 30A (Nema L630P)
Weight	618 lbs (280 Kg)
Dimensions	37.8" x 30.7" x 49.60"
Features	Power back gauge; electric, variable speed back gauge line adjustment; illuminated cutting line; blade adjustment; main power switch and safety key lock
