

DocuCutter CC-330

Card Cutter

The **CC-330 Card Cutter** finishes a variety of digital color pieces including business cards, postcards, greeting cards, and photos printed on a wide range of paper sizes up to 13" x 19". Extremely simple to use and with speeds up to 240 business cards per minute, the CC-330 provides an efficient finishing solution for mid-volume jobs. Easily-interchangeable and optional slitter cassettes enable users to finish various types of applications in a matter of minutes.

The CC-330 offers a small footprint and comes with a stand to easily fit into any office or production environment. Finished pieces are delivered into a catch tray or the optional 15" stacking conveyor can be added. Waste is deposited into a bin inside the stand for easy removal. Compact and easy to use, the CC-330 eliminates cutting or slitting sheets by hand and brings efficiency to any operation.

- Ideal for mid-volume digital print shops or in-plants
- User-friendly, compact and affordable in price
- Ideal for full-bleed business card applications with standard slitter cassette
- Also great for postcard, greeting card, and photo applications with optional slitter cassettes
- Accepts a wide range of paper stocks up to 110 lb. cover/300 gsm*
- Paper weight adjustment for heavier stock
- Accepts letter, legal, ledger, 12" x 18", 13" x 19" sized documents
- Up to 240 business cards per minute
- 7 pre-programmed jobs & 6 programmable jobs
- Cut mark sensor for top and bottom cutting accuracy to compensate for image shift
- ± 0.2 mm cut and slit accuracy

* Works with some gloss and coated stocks- testing is required and available for free.

Easy, user-friendly operator control panel, with LCD display

High-capacity feeder with three feed rollers plus two auxiliary feed wheels for consistent feeding

Easily-interchangeable cassette design
